~May 19, 2016; 8 – 5pm

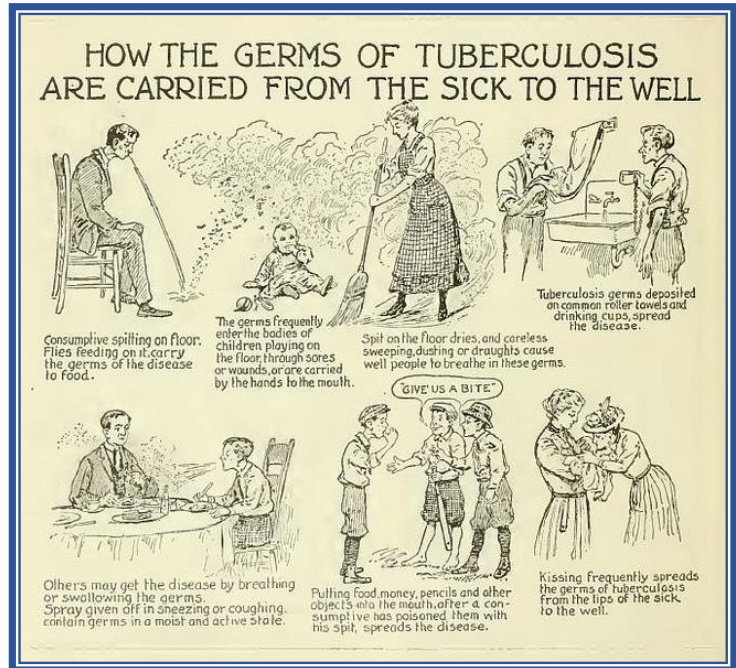

https://usfhealth.a1.qualtrics.com/SE/?SID=SV_6zAAORjR61A0rm5

Second Class in series ~~

~FIRST: Tuberculosis Outbreak

~May 20, 2016; 8 – 5pm

https://usfhealth.a1.qualtrics.com/SE/?SID=SV_9XH1p00xqcgWa5Bb

Training Overview:

TB Fundamentals and Response Planning

- Describe the history of TB.
- Explain how TB is spread (transmission)
- Define drug resistant TB.
- Explain the difference between latent infection (LTBI) and TB disease.
- Understand the roles, responsibilities and reporting protocols in the event of a suspected TB case, contact investigation and/or outbreak.

FIRST: Tuberculosis Outbreak

- To help participants develop an increased awareness and knowledge of tuberculosis disease.
- To increase the number of public health workers capable of participating in a tuberculosis outbreak investigation.
- To improve the capacity of the health department to respond effectively during a surge capacity tuberculosis event.
